

# Giovanna Antonucci

Web Developer and Web Designer

Buenos Aires, Argentina

[Portfolio](#) | [LinkedIn](#) | [Email Address](#)

## 01 PROFILE

Hi there! My name is Giovanna and I'm a web developer with experience in the React and Node technology stack. Currently, I'm also studying UX design because I believe it's crucial to create digital products that are both attractive and user-friendly.

I'm a versatile person who can adapt to any situation quickly. While my main experience lies in React and Node, I'm always willing to learn new technologies if needed for a project.

Apart from my career as a developer, I also run a sales business. This experience has taught me to be organized and work efficiently under high-pressure situations and I have developed strong communication and customer service skills, as well as the ability to manage multiple tasks and responsibilities simultaneously. I am also adept at problem-solving and decision-making, and I have a keen eye for detail.

## 02 EMPLOYMENT HISTORY

Jan 2020 — Present

La Plata, Buenos Aires

### Saleswoman - entrepreneur at La Fábrica Pinturas

Responsible for managing all aspects of the business, including sales, customer service, budgeting, supplier relationships, logistics, and invoicing. I sell and advise customers on paint products, provide quotes and estimates, and manage the purchase and delivery of goods.

## 03 EDUCATION

Mar 2023 — Present

### Codo a Codo 2023

UX Designer

Mar 2022 — Jul 2023

### Soy Henry

Full Stack Web Developer

I developed skills in programming languages such as JavaScript and learned to use popular tools and frameworks like React, Node.js and Express and learned to design databases and use data storage technologies like PostgreSQL and SQL. I also developed teamwork and collaboration skills, as I worked on group projects to build complete web applications. During these projects, I learned to use collaboration and version control tools like Git and GitHub.

Feb 2020 — Jun 2022
